YOUR O GAUGE CONNECTION!

**FALL
2012**

Weaver Models

We ARE Your O Gauge Connection!

Manufacturing is in full swing at the Weaver Factory. With approved Test Shots of the Milwaukee Road Ribbed Side Boxcar behind us, we look onward to the production run. 57' Mechanical Reefers will follow the Milwaukee release later this Winter. Four new Maintenance Of Way paint schemes will join our already released lineup of 40' Woodside Gondolas.

In Gold Edition News, initial shipping has been completed on the New Haven I-4 and we look forward to the arrival of the Lehigh Valley Black Diamond. A few I-4's are available, check our web site or call for more information on any of our releases.

Don't forget that our H-30 Hopper Cars are readily available – you may have quite a time choosing from the 14 different paint schemes!
