

Weaver Models

**SPRING
2012**

Weaver Models • Northumberland, PA

There is a wide variety of new products from Weaver just waiting to meet your layout! Looking for Made In The USA? Another "Made In The USA" model is rolling off our Northumberland, Pennsylvania based factory... the 40' Woodside Gondola. Look for it in your favorite hobby shop or online early to mid Spring. Rounding out updates on our "Homeland Offerings", tooling for the Milwaukee Road Ribbed Side Boxcars is moving along nicely and we anticipate receipt of our first test shot mid to late April. This too will be produced in our Northumberland factory. In other news, the 35' Highway Trailers have arrived and are in the painting & lettering process. To make your choices even more complicated, we now have the H30 Hopper Cars available! The black **In Stock** symbol indicates items currently instock at the time the catalog was printed. The yellow **Reserve It** symbol indicates items that are not instock at the time the catalog was printed, but will be available shortly. We gladly take orders for "Reserve It" items daily and strongly suggest you pre-order these items to ensure delivery when they become available.

Weaver Models
