Good morning

Currently these items are out of stock and are obsolete. You can check with the below service stations that carry older parts but we will not be getting more stock on old inventory unfortunately.

Brasseur Electric Trains
Saginaw, MI
989-793-4753
www.traindoctor.com

Dick LaFashia
c/o Doughs Trains & Hobbies
Claymont, DE
302-656-7215
rlafash@comcast.net

Fred's Train Shop
Attn: Sgt. Shultz
Overland Park, KS
1-913-938-6667

Jada Enterprises
Freehold, NJ
917-971-9196
jadaenterprises@aol.com

TW Trainworx – Eastern Division
Mike Reagan
Concord, NC
330-519-4831
No warranty repairs, Acelas, or American Flyer
Thank you,

Heather

Subject: Parts all out of stock

[This email message did not originate from a Lionel Employee. Use caution when responding, opening attachments or clicking on links.]

What happened to all the parts? I see that every Legacy DCDS is out of stock, that seems pretty impossible! Looking further, it looks virtually all the electronics for TMCC and early Legacy are out of stock, motherboards, R2LC, R4LC, Railsounds 4 boards, etc!
