**SHOP NOW ▶**

• 11"W x 21.5"L x 6.5"H 279-2675

**Prebuilt and prelit!** Introducing the Chicago and North Western Locomotive Maintenance Shed! This beautiful building is constructed of wood and resin and is designed to allow your O gauge trains to pull into or through for service. It features hand-painted details including two workers, two trees, three shrubs, four working doors, and Jack the German Shepherd.

What really sets this maintenance shed apart from other O gauge buildings is its lighted "Chicago and North Western" sign. This brightly glowing sign offers multiple lighting patterns. The interior and exterior are also illuminated by LED yard lights

This structure uses standard 4.5 Volt power, our SKU# 289-4005 or 289-4002 (sold separately).

**SHOP NOW ▶**

**We've done our research and no one else can give you this complete of a package for the price. If purchased separately from reputable dealers, you can expect to pay upwards of \$150. Plus with us, you don't have to assemble anything!**
