

## Ordering and Contact Information

Customers may only order by US mail or e-mail. We accept good checks, money orders, and credit cards.

Credit card orders must include the card number, expiration date, the last 3 digits of the security code on the back of the card ( four from the front of American Express ), the billing address if different than the shipping address, and the cardholders' name as it appears on the card. As an added security measure, if this information is sent by e-mail, we suggest splitting the account information between two e-mails so that no one communication has all of the account information.

**Secure e-mail** is available at **okengines@aol.com**

US Mail address: OK Engine Co. PO Box 355 Mohawk NY 13407

Shipping Charges: Parts only \$ 8.50 per order  
HO cars/ kits \$10. for 1st car and \$3 each additional car  
"O" cars/ kits \$20. for 1st car and \$5 each additional car

All other than USA addresses, add \$20.US to shipping charges above.

New York State and Massachusetts residents must add 8 1/4 % and 6 %, respectively, to the total order including shipping charge for sales tax.  
Orders not complying with the above charges will be returned un-filled.

## Warranty Information

All OK products carry a one year warranty for repair or replacement only at the discretion of OK Engine Company after inspection of returns. There is no return of custom made items unless in unservicable condition when received and a claim has been filed with the shipping carrier for damages.

**OK Streamliners** HO Gold / Black wheels - lifetime replacement warranty

A **recall** is in effect for **Kasiner** and **OK Streamliner** HO observation car rear castings ( 3 pieces ) manufactured between 1955 and 1975. These castings contain lead and can be exchanged free of charge for tin/ zinc alloy replacements.  
Contact OK Engine Company for details and how to identify these items.

SMOOTHSIDE —HO and O GAUGE

SP Style Pullman ( available in HO only ) This siding has two flat “stripes” along each side facilitating most Pullman paint schemes for this type. Also sports a flat walkway down the centerline of the roof and simulated vented skirt at the wheel wells. This siding best represents the late steam era streamliners.

“Pennsy” style smoothside siding available in HO and O gauge.. This siding is completely smooth from roof to wheel skirts. Available only through our custom car

Our in-stock line of HO cars & All Custom Services

Available HO car types

Can be ordered 60 or 80 foot scale  
( specify siding style and length )

O gauge custom straight car complete \$80.  
O Gauge custom observation car \$100.  
O Gauge custom domed straight car \$100.  
O Gauge custom domed observation \$110.

# WELCOME TO

# *OK Streamliners*

Welcome to *OK Streamliners* all metal model passenger train cars. We use six different metals in the manufacture of these cars to best represent the look and tracking dynamics of the real, full size train cars.

“ When modeling metal trains, only metal models will do.”

To further that idea, we developed a custom service where our HO and O gauge cars may be made to your specifications of door and window placement. This makes your train more realistic in scale than the “toy” products offered by other companies. Each modelers’ lay-out is unique and this service can produce needed cars for an unlimited number of roads modeled.

*OK Streamliners* are undecorated so that each car can be detailed by the modeler for his/ her road making each car one of a kind. There are train cars that we cannot make due to material and tooling restraints but, 95 percent of all USA and Canadian train cars can be modeled using OK’s custom services.

If you are not familiar with *OK Streamliners* HO line of cars and kits ( which have been manufactured continually since 1955 ), we offer you the opportunity to purchase a sample car at the discounted price of \$25 post-paid. There are no choices as these sample cars are taken from overstocks on hand and are non-returnable. For those looking into our custom services, we sell samples of our HO car body material ( 3 pieces ) for \$15 post-paid or our O gauge samples ( 2 pieces ) at the same low price.

Fans of the **Kasiner– Herkimer– *OK Streamliners*** can purchase the definitive history of this venerable line in the 80 page illustrated collectors’ guide, “ Herky Rides the Rails” for \$10 post-paid. Sales of this book supports the OK Engine Company Museum.

The museum is the showplace of our facility where we display one of every hobby product made by our company since 1937. If you would like to visit our museum and will be in the area of Cooperstown NY, please let us know at least two weeks in advance so that we can schedule your visit, conduct a half hour slide presentation, and demonstrate any production that is occurring on that day. If you have any OK item that you may like to donate to our museum, please contact us. We are especially interested in

## O GAUGE PASSENGER CARS—CUSTOM

Complete O gauge cars are available through our custom service. These are packaged undecorated as semi-kits and are made to the customers’ order as to door and window placement for specific roads. Scale based on the actual full scale car plans.

Budd Streamliner and Smoothside cars are available.

Straight Car	\$ 80.00
Observation Car ( Boat tail type only )	100.00
Domed Straight Car	100.00
Domed Observation Car ( Boat tail only )	110.00

# PULLMAN STREAMLINERS

This style of car is best described as having corrugated sides and a smooth roof. We offer a standard line of these cars as well as custom services where cars can be made individually for specific roads. ( see previous page for pricing )  
O gauge cars are projected to be available in this siding for 2011-12 season.

# BUDD STREAMLINERS

The Budd siding style has become our best seller since its' introduction in 1997. we now offer HO and O gauges with scale fluting on sides and roof. ( See previous page for pricing )

# TRUCKS and COUPLERS

*OK Streamliners* provides Talgo type trucks ( wheel sets ) on all of our HO and O gauge models. This is necessary to allow the scale size truck frames to turn on shorter radius track. We also include scale, working knuckle couplers for all of our cars. We realize that the modeler may be using different types of couplers on their lay-out so, a standard size coupler box is provided on the Talgo tongues for the customers' convenience.  
Our O gauge two rail steel wheelsets are a scale 36 inches insulated on one side. OKs' HO cars are fitted with steel RP-25 wheels for newer track applications. *OK Streamliners* original Gold & Black 36" scale wheels are available at extra cost and carry a **lifetime warranty**.

# COLLECTORS SPECIALS

The definitive history and collectors guide to Kasiner—Herkimer—*OK Streamliners*  
\$ 10. Post-paid

Customers may choose our standard HO box or the 4-color collectors windowed box. Standard box will be used if no choice is indicated on order.
