Prebuilt and prelit! Introducing the 30-Sign Locomotive Maintenance Shed! This maintenance shed is constructed mainly from wood, with the addition of molded architectural features and a sturdy, extra-rigid platform for maximum durability. It is prelit and features hand-painted details including two workers, two trees, three shrubs, four working doors and Jack the German Shepherd. However, the best part is its customizable back-lit sign! (Shown above with the Great Northern Railway Sign).

Decorate your building with any of the (30) 2.5" x 1.75" railroad signs included! These signs are interchangeable and can be placed anywhere around your layout. In addition to this wonderful sign, you can add even more excitement to your layout by turning on the LED lights! Two LED yard lights illuminate this building's exterior while its interior glows elegantly with multiple LED lights. This structure uses standard 4.5 volt power, our SKU# 289-4005 or 289-4006.

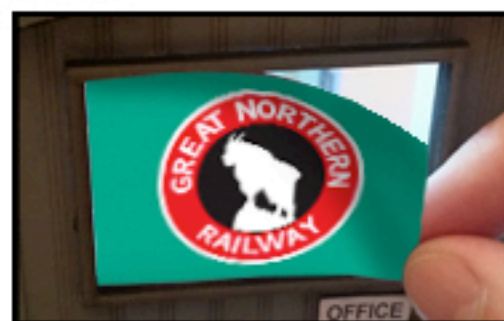

3 Simple Steps for Placing Your Decals

Step 1: Peel off the Placeholder Decal

Step 2: Peel off the Chosen Decal

Step 3: Place the Chosen Decal

Use the extra decals to decorate your buildings or rolling stock!
