## GRADUATED/ELEVATED TRESTLE SET

### *Instructions for the elevated trestle set 6-12754*

This trestle set consists of ten piers with a height of 4-3/4". The piers should be placed one full track section apart during installation,

so that each pier supports the joint between two track sections.

### *Instructions for the graduated trestle set 6-12755*

This trestle set consists of twenty-two piers ranging in size from 3/16" to 4-3/4" in height. The piers are lettered in sequence from "A" to "K" plus a short 3/16" riser, with "A"

being the highest and "K" being the lowest. The piers should be placed one full track section apart during installation, so that each pier supports the joint between two track sections.

### *Attaching trestles to your track*

**S**tep 1 to mount the track, first slip the tie channel into the

grooves on top of each pier and push in evenly until it snaps into place

**S**tep 2 Now join the track sections loosely and slide over the tie channel until track is centered. Then press track sections together firmly. The piers can be mounted to a level platform or table by passing number 5 or 6
