## Citi Centre Parking Garage 279-4392

- Prelit with approximately 230 LED lights!
- Includes two billboards with interchangeable decals, compatible with our lighted billboard (SKU# 279-3693)

**\$119.99** each

**The basics:** This durably constructed, fully assembled and decorated building features a commercial business block on the first floor and four additional levels for parking vehicles. The first level features three businesses with interior decoration and illumination. The second level has visible, unmarked spaces, and the top three floors have marked spaces for 17 vehicles. The top floor has security lighting bracketing the ramp door. The building is 22 inches wide, 12 1/2 inches deep, and is 17 inches tall.

**Why you need this:** As every town grows, it begins with street parking, then parking lots are introduced, and finally, a sign of true prosperity is the erection of a parking garage. Placed near the city's core businesses or perhaps a commuter station, the Citi Centre Parking Garage has four levels for parking your O gauge vehicles.

Shoppers will also be delighted to discover the first floor stores, including Citi Wok, a Chinese restaurant; a barber shop, and an outlet of Wally's Auto Parts. The entrance/exit for the garage are smartly situated on both corners of the ground level.

The structure has plenty of intriguing lines, with overhead business signage on the first floor and solid appearing balconies on the parking levels. There are round structural supports visible are all four floors. They have red and yellow safety striping to prevent any O gauge motorists from having an accident.

The rear of the building has overhang on three sides of the run-through. These angles make the garage much more interesting than a conventional box-shaped parking structure. Of note, the run through insert isn't the typical "U" shaped insert, but has two simple doors to be inserted or removed as desired.

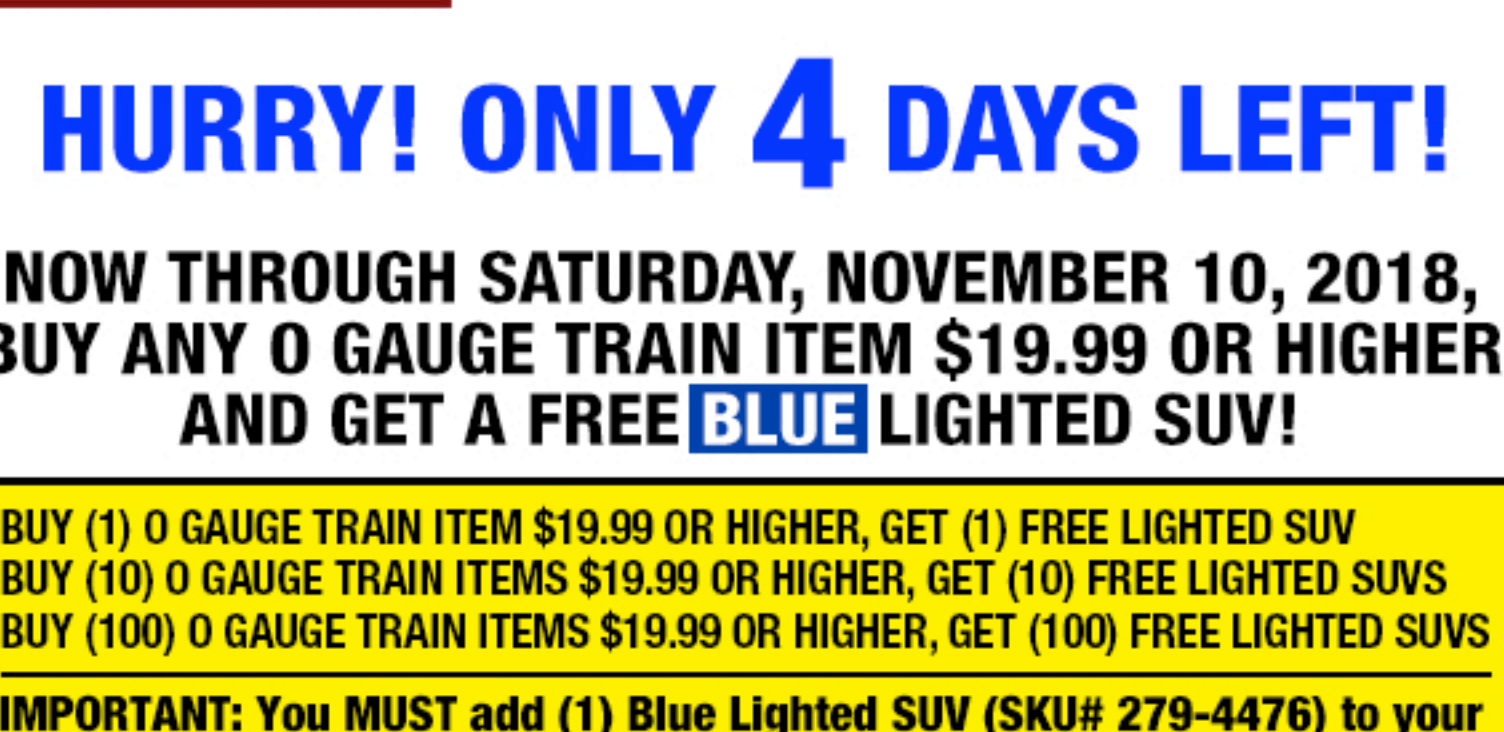

Detailing accents include pedestrians and shoppers positioned on the weathered sidewalk, as well as Jack the German Shepherd. This structure also includes two large billboards that feature interchangeable decals that allow you to use the decals from the Plug & Play Lighted Billboard SKU# 279-3693.

The Citi Centre Parking Garage is a distinctive structure that enhances your business district by offering business services your workers need, with a convenient place for them to park, shop, and access the other downtown structures offered by Menards.
