0 Scale J. Shepherd & Sons Dog Food Factory (279-4494)

The J. Shepherd & Sons Dog Food factory is a two-story industrial structure measuring approximately 18-1/4 inches wide, 10-7/8 inches deep, and 11 inches tall. Or, if you use the built-in train tunnel and place it over existing tracks, the footprint is only 6-1/4" deep! The structure has interior and exterior lighting and an animated sign simulating kibble flowing from the bag to the food bowl.

The J. Shepherd & Sons factory is both a unique business and a structure that will be right at home in many eras. It has ample detailing and thanks to the LED lighting and the Jack's Dog Food sign, it looks as good in the dark as it does in the daylight.
